

Mt. Moriah Lodge.

A call having been made by the Masonic fraternity of Memphis to the sister-Lodges throughout the United States for aid to the fever-stricken sufferers of that doomed city, Mt. Moriah Lodge of Utah has responded promptly to the call, with a donation of \$100.

This very prosperous lodge has lately attained to a full century of membership, and the members have determined to indulge in a celebration in honor of the event. A committee of arrangements has been appointed, and these gentlemen are now engaged in working out the details. Shortly we expect to be able to announce the character of their proposed entertainment.
